CAREER OBJECTIVE

Results-driven Digital Content Analyst with 3 years of experience in anti-piracy operations, online content monitoring, investigation, reporting, and moderation support. Experienced in reviewing digital content, identifying policy violations, handling escalations, and supporting platform safety operations. Strong analytical thinking, attention to detail, and ability to work effectively in fast-paced operational environments.

WORK EXPERIENCE

WARX DIGITAL PVT LTD

SENIOR DIGITAL CONTENT ANALYST (JAN 2024 -PRESENT)

- Led a team of 5 members in anti-piracy operations while maintaining productivity and quality targets.
- Supported onboarding, mentoring, and operational guidance for team members.
- Coordinated escalation handling, reporting, and process improvement activities.
- Ensured adherence to SLA requirements and operational compliance standards.

DIGITAL CONTENT ANALYST (Dec 2022 – JAN 2024)

- Monitored and investigated unauthorized digital content across multiple online platforms to identify piracy-related activities and policy violations.
- Reviewed user-generated content, reports, and digital links while ensuring adherence to operational guidelines and quality standards.
- Handled sensitive and time-critical investigations with strong attention to detail and escalation procedures.
- Prepared operational dashboards and reports using Power BI and Excel for tracking trends and performance analysis.
- Collaborated with teams to improve moderation workflows, reporting quality, and issue resolution efficiency.

PROJECTS

Movie Sales and Piracy Rate Visualization

Tools: Power BI, DAX, Data Modeling, SQL, MS Excel

- Created Power BI dashboards and KPI reports to analyze piracy trends, link removal efficiency, and movie piracy insights.

Piracy Monitoring & Automated Link Extraction Tool

Tools: Python, Selenium, Telegram API, Web Automation

- Developed automation tools to extract piracy-related URLs and Telegram links through one-click bulk data collection and automated reporting.
